

Welcome

A-level Film Studies will cover a large variety of topics and concepts in the classroom and outside. All materials, such as textbooks, topic booklets, revision guides and handouts will be provided by the college. If you want to buy any extra resources please ask for guidance. Key materials will also be available on Microsoft TEAMS.

Equipment List and Software Training

Every lesson will require pens and paper, and you will need a file or folder to store all of your notes and handouts. Specifically, for Film Studies, during the year, you will also need to:

- Buy a 32GB SD Card (for short film/media production), which you can buy for under £10.
- Sign-up to Adobe Accredited Training for *Premier Pro*, which costs £30. This is a mandatory addition to your main programme of study, which you will be expected to complete during Year 1. It will support you with your coursework, as well as adding a professional digital qualification to your CV, and therefore help with progression the Higher Education and industry.
