

Welcome

Welcome to Spanish at The Sixth Form Bolton! We will give you a copy of all of the texts that you will be studying on the course and study guides. All textbooks and grammar books can be accessed electronically through TEAMS. The following list includes some essentials that you must provide and some suggestions of kit that will enhance your learning.

Equipment List

The following items are **essential** and should be brought to every lesson:

- A folder / notebook with dividers
- A pencil, a set of coloured pens and highlighters

Trips and visits

There may be opportunities to attend workshops at MMU in the autumn / summer terms and to attend the Spanish Viva Film Festival in the spring term. These are to be confirmed throughout the academic year.

Other information

It will be very helpful to immerse yourself in the language by reading original texts, watching programmes/films, listening to podcasts and speaking as much Spanish as you can.

Revising your grammar notes from GCSE and keeping on top of your verb tables will be a good base to make an excellent start in September.

Have fun with Spanish, play language games, puzzles and use some language learning apps (Duolingo, Memrise, FunEasyLearn...) The choice is yours!
